PLANS FOR RESERVE ARMY ARE APPROVED TO DRILL IN SUMMER

Additional Officers to be Provided for Continental Army—West Point Academy May Have to be Enlarged or New School Established.

WASHINGTON, Oct. 21.—Indorsements of the administration plan to create a great continental army for defense are beginning to reach Washington from large employing firms and corporations. It was learned tonight that approving letters had been received from several such concerns, and that at least one had expressed willingness to grant its men leave on full pay for services in the proposed organization.

One of the companies heard from wrote that it would gladly grant leave with pay to any of its men desiring to enlist, not only for reasons of patriotism, but because it was regarded as a good business proposition to permit the men to take advantage of an opportunity to spend two months in vigorous camp life with military training.

More Officers Provided for. Further details of the army program became known tonight. To obtain officers for the increase in the

regular establishment, the addition of 144 cadets to the present corps at the West Point Military Academy will be recommended, bringing the corps up to the full capacity of the academy—750 men. By this means, promotion of qualified men from the ranks and appointment to the regular service of graduates from military schools whose courses are approved by army officials, at least 1900 officers soon can be added.

No increase in the size of the West Point Academy itself will be recommended for the present, although it is understood that a considerable enlargement or possibly the establishment of another military school is under consideration for recommendation at a later date.

Navy to Require More Men. Secretary Daniels' plans for strengthening the navy will call for the addition of 41,500 men and 1300 officers within five years. Thirty thousand men and 1000 officers would be required to man the 134 new ships provided for in the programme and 14,500 men and 100 officers will be asked for this year to make up present deficiencies. Altogether it is proposed to give the navy about 100,000 officers and men, or nearly double the present establishment of 51,500 men and 2500 officers.

With the national defense programme ready for submission to congress, President Wilson and his advisers have been considering methods of raising the necessary money. It was indicated today that the bond issue was looked on as best.

HIGH SCHOOL BOYS TO JUDGE STOCK AT HOG AND DAIRY SHOW

STOCK JUDGING CONTEST TO BE OPEN TO STUDENTS OF EASTERN OREGON.

Local school will try to sustain High Record Made at Union Last Year When Pendleton Student Was Star at Judging Work.

A new feature of the Hermiston hog and dairy show this year will be a stock judging contest between the various high schools of the eastern part of the state.

Mr. Gambee, instructor in agriculture, has announced that a team will be sent from the high school in this city. A team is composed of four men, the team making the highest total score will receive first place. The show offers the following premiums: For first place, \$15; for second, \$10; and for third, \$5. The person making the highest individual score gets a prize of \$5.

In judging the students have fifteen minutes in which to look over one class of stock, then they give their reasons for their placements before an experienced judge, who scores accordingly.

Eighty points being counted a perfect score in one placement.

The stock judging class now has about fifteen members and from them Prof. Gambee will choose his team about the last of this month. The boys are now working on hogs and next week they will take up the dairy stock. They make three trips a week to the stock yards to practice judging the animals in the open.

They now contemplate going to the stock department of the eastern Oregon State Hospital next week where they will be able to judge purebred stock.

Last year a team was sent to the Union county fair and took second place, with Charlie Russell, a local boy, as individual high point man. Prof. Gambee expects to send a team again this year.

The show will be held during the 5th and 6th of next month and it is expected the boys will have had by that time sufficient experience to make a good showing in the contest.

May Abolish Plan. EAKIN MAY QUIT AS SUPREME JUDGE ON ACCOUNT ILL HEALTH

GOVERNOR SAID TO FAVOR WALLACE McCAMANT FOR VACANCY IF IT OCCURS.

Report Has it Retiring Judge Wishes Post to Go to Judge McNary or to Charles A. Johns, McCamant Was Defeated as Assembly Candidate.

SALEM, Ore., Oct. 20.—Possibility of a vacancy in the state supreme court has aroused eager speculation in republican political circles. Justice Robert Eakin, who has been seriously out of health for many months, has discussed with friends the advisability of resigning his office, and if he finally decides to do so the appointment of his successor will devolve upon Governor Withycombe. Thereby hangs a tale of a radical divergence of views which is causing much anxiety to a number of republican attorneys to whom judicial honors would not be unwelcome.

McNary or Johns Recommended.

When Justice Eakin broached to the governor the news that he contemplated resigning from the supreme bench, he intimated also that he would like to be consulted in the selection of his successor. Eakin's first choice was Charles L. McNary of Salem, who was narrowly defeated by Henry L. Benson for supreme court nomination in 1914. In case McNary was unacceptable to the governor, Justice Eakin proposed that the appointment go to Charles A. Johns, now of Portland, but formerly a resident of eastern Oregon, where he and Eakin had been close friends.

Governor Favors McCamant.

But Governor Withycombe had other views. He was quite willing to accept Justice Eakin's resignation, but not his choice of a successor. In fact, he had a man already picked for the place. Wallace McCamant of Portland, said the governor, would succeed to the office in the event of a vacancy.

Justice Eakin entered strong protest, it is said, but Withycombe was obdurate. McCamant had rendered active service in the gubernatorial campaign of last year, and his assistance had not been forgotten. Nevertheless the governor's choice has occasioned much surprise. McCamant was the assembly nominee for justice of the supreme court in 1910 and his defeat was a most disastrous one. A strong contributing cause of his defeat was a lively recollection among the voters of McCamant's political activities in the halcyon days of bossism and ring rule in Oregon.

VON HERNSTORFF HAS TROUBLES OF HIS OWN

WASHINGTON, Oct. 21.—Between diplomatic worries and the trials of housecleaning, Ambassador von Bernstorff is having a tough time. After one of his recent hurry-up trips to Washington to confer with the Secretary of State Lansing, while workmen on high ladders and scaffolds had disorganized everything, the immaculate ambassador rushed out of one door, under a ladder, dodged a paint pail and reached safety in the opposite doorway. "Will you stay here over night or return to New York?" he was asked. "I'd like to stay here, at least one night," he said, and waved his arms desperately toward the workmen, "but I cannot find my bed."
